LIMITED TIME OFFER: Qualifying customers may receive a \$5 gift for McDonalds from March 1, 2022 – March 31, 2022. To qualify customers must activate a new Affordable Connectivity Plan (ACP). No renewals. Offer valid through March 31, 2022 or while supplies last. The Affordable Connectivity Program (ACP) is a government program that may be temporary and that reduces broadband internet access service bills to eligible households. By law, the ACP may not be transferred to another person and is only available for one account per household. A household is eligible if its total income is at or below 200% of the Federal Poverty Guidelines or if at least one member of the household (i) is Lifeline eligible, (ii) has applied for and approved to receive benefits under the free and reduced price lunch or breakfast program under certain federal programs, (iii) has received a Federal Pell Grant under section 401 of the Higher Education Act of 1965, or (iv) receives assistance through the special supplemental nutrition program for women, infants and children (WIC) established by section 17 of the Child Nutrition Act of 1996 (42 USC 1786). You have the right to transfer this benefit to another broadband provider qualified to provide the ACP. If you qualify and elect to participate in the ACP through Cellular One, we will subtract the benefit amount from the total cost of your plan. All qualifying plans must contain a data component. Qualifying participants on tribal lands will receive an ACP benefit of \$75 per month; qualifying participants on non-tribal lands will receive \$30 per month. If you do not use the total benefit awarded you will not receive cash back or credit for other services or products. If you choose to continue to receive the same service after this program ends, you will be subject to our undiscounted rates for purchased bundles and our general terms and conditions. Your account will revert to the same plan you had before opting into the ACP. For more information regarding your benefits please visit: www.ACPBenefit.org or call Customer Care at (800) 730-2351. Full terms and conditions will be posted at www.mycellularone.com. Must be 18 years of age or older. Cellular One reserves the right to discontinue this program at any time without notice. Data speeds are not guaranteed. Data is good for a 30-day billing cycle. Any unused data does not carry over to the next 30-day period. HAC phones are available upon request. Other restrictions apply. Your Cellular One Plan remains subject to Cellular One's excessive use, disproportionate roaming and Fair Use Policies. See www.mycellularone.com.
