In order to help you understand your new wireless service, here are answers to some questions commonly asked by new Customers. In addition to reviewing your Cellular Service Agreement, it is also very important you read this document. It contains important information about your legal rights, and require that certain disputes be resolved through arbitration instead of a court trial. Your agreement with Cellular One includes these terms and conditions, your Service Agreement, applicable supplemental terms and conditions, which are available at www.mycellularone.com. Cellular One reserves the right to change or modify any of these Terms and Conditions of Service at any time and at its sole discretion. Your use of services after any changes or modifications to the Terms and Conditions have been posted to our website indicates your consent of the then current Terms and Conditions. The current Terms and Conditions are indicated by the Revised and Effective Date at the top of the first page and at the bottom of each page in the footer. **Cellular One, therefore, encourages all subscribers to review the Terms and Conditions on our Website periodically.** Once you have reviewed these materials, we will be happy to explain any portion of your agreement or answer your questions. By purchasing or activating a wireless communication device or using any Cellular One service ("Service"), Customer ("You") acknowledge and agree to the following terms and conditions:

IMPORTANT NOTICE:

Cellular One provides Emergency E911 through the Wireless Dispatchable Location Services (WDLS). WDLS provides better location accuracy for people calling in an emergency 911 situation.

~ WDLS WILL ONLY WORK IN LOCATIONS THAT SUPPORT E911 PHASE 2. PORTIONS OF CELLULAR ONE'S COVERAGE AREA DO NOT SUPPORT E911 PHASE 2 AT THIS TIME, INCLUDING THE NAVAJO NATION AND THE HOPI TRIBE RESERVATION.

Calls to 911 from a TTY will not work when using Wi-Fi Calling or Voice-over-LTE ("VoLTE"). If you cannot make a voice call to 911, Cellular One recommends that you use an internet-based Telecommunications Relay Service such as Video Relay Service, IP Relay Service, or IP Captioned Telephone Service.

HOW DO I ACCEPT THESE TERMS AND CONDITIONS?

By purchasing or activating your Cellular One electronic device or using any Cellular One's service ("Service"), customer ("You") acknowledges and agrees to the following terms and conditions:

Your Rate Plan includes, if applicable, your monthly Service allotments for minutes, messages or data ("Allotments"), rates, coverage and other terms ("Rate Plan"). Any applicable state public utility commission tariffs also govern.

3. NATURE OF SERVICE

Our rate plans, devices, services and features are not for resale and are intended for reasonable and non-continuous use by a person using a device on the Cellular One Home Network Area (aka "On Network"), and other networks through a roaming agreement between SBi and other carrier's networks. Cellular One's Home Network Area can be found at www.mycellularone.com. These maps are for general informational purposes only. The coverage maps depict the general coverage area of Cellular One. The coverage maps are not a guarantee of coverage. Coverage is not available everywhere. The coverage maps display only the predicted and approximate optimal wireless coverage for voice calls, while outdoors, of the network on which your phone may be activated including the coverage area of the network's roaming partners, if applicable. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Within coverage areas, there may be significant limitations or interruptions in coverage that may impact service and result in dropped and blocked connections, slower data speeds or no data connectivity and call interference. This could occur due to many factors including your device, network changes, network traffic volume, network outages, technical limitations, signal strength, the terrain and your proximity to buildings, foliage and other obstructions, weather and other conditions. You will not be able to operate your phone or make 911 calls if service is not available. Some features on your device may not operate when roaming on the network of a network roaming partner. If you travel outside of your coverage area, your phone may not work. The coverage depicted on the Cellular One coverage maps is based on the information provided by other carriers and public sources and we cannot guarantee their accuracy. Coverage maps for your network may also vary based on your home location so please refer to our website for the most up-to-date coverage map applicable to your device and geographic area. Cellular One is not responsible for any service outages, interruptions in service or decline in the quality of service regardless of the cause.

4. ACTIVATING AND USING YOUR CELLULAR ONE FLEXFONE

Before you can use your Cellular One FlexFone, it must be activated through a Cellular One authorized agent or a Cellular One store location. Cellular One charges a one-time \$20.00 Activation Fee. Your Cellular One FlexFone can only be used through Cellular One, and cannot be activated with any other wireless or cellular service, but can be used to send and receive wireless radio signals of other carriers, both wireless and landline (i.e., voice, text, data) but subject to certain terms and conditions contained herein. Cellular One FlexFone services are provided at Cellular One's discretion. Some functions and features referenced in the manufacturer's manual provided with your Cellular One handset may not be available on your Cellular One FlexFone. Cellular One may modify or cancel any service or take corrective action at any time without prior notice and for any reason, including but not limited to your violation of this agreement.

You agree to pay for our services and equipment we supply at the rates in your Rate Plan or as posted in our stores or on our website and according to this Agreement. Cellular One may, in our discretion, amend or add to any rates, charges, or terms, subject to the provisions in the next section. Cellular One may, in its sole discretion, block access to certain categories of numbers (e.g., 976, 900 and international designations).

6. ARE THERE ANY OTHER TERMS THAT APPLY TO ME?

Yes. Your "Agreement" includes these Terms and Conditions, the additional terms found in your Rate Plan, your Data Plan, your Service Agreement, and provisions linked to from these Terms and Conditions. Sections marked "*" continue after termination of our Agreement with you.

You might also have other agreements with us, such as an equipment installment plan or a handset protection plan.

7. AIRTIME RATES

Your Cellular One Prepaid FlexFone will only operate when you have a positive monetary balance, or have subscribed to a product or promotion that allows zero or free rated services on your account to use for services, such as minutes, text (SMS), mobile web access, and MMS. All services you use are chargeable per minute or unit, text, web access, SMS and MMS. Rates or unit deductions may vary depending on physical calling or usage location of all parties; minutes for off-net and roaming are at a higher rate than on-net minutes. Upon activation, you may receive a special offer that offers promotional pricing for all services available on your Cellular One FlexFone; see promotional flyer for special pricing if applicable. Current rates can be found on our website at www.mycellularone.com and are subject to change from time to time.

8. TEXT MESSAGING

The rates without a subscribed product or promotion to send or receive a text (SMS) message to another person's phone using your Cellular One FlexFone are \$0.20 per text sent and received. If you do not want your money balance reduced from your Cellular One FlexFone, then do not send a text message if you have not purchased an additional product or promotion that includes zero or free rated text (SMS) units.

Please note that Cellular One does not generally participate in premium SMS services or campaigns. Premium SMS refers to activities that usually involve sending a text message to a designated "short code" or buying or attempting to buy SMS services from anyone other than Cellular One. Premium SMS campaigns include activities such as casting a vote, expressing your opinion, playing a game, subscribing to a service, or interactive television programs.

You should not attempt to participate in premium SMS campaigns, unless it is a Cellular One authorized campaign. Any text message you send to a "short code" in all likelihood will not succeed in sending or receiving. Any charges you may incur as a result of any attempts to participate in premium SMS services or campaigns (not authorized by Cellular One), whether you incur charges as deductions from your Cellular One handset or from your credit card, are not refundable. See Data Services below.

9. INTERNATIONAL CALLS

You may now use your Cellular One FlexFone to make international calls to landlines (including some cellular phones in some countries) at an additional charge (See www.mycellularone.com for available countries and details). A MONETARY CREDIT BALANCE IS REQUIRED for international calls AND THE PER MINUTE RATE begins the moment the International Long Distance ("ILD") access number is dialed and apply to dropped calls, misdialed numbers and busy destination numbers. When making international calls, you may experience connection failures more frequently than calls made within the United States. Cellular One will not credit airtime minutes

deducted for unsuccessful calls. You will not be able to make or receive calls on your Cellular One FlexFone when you are located outside of the United States. **Customers making our receiving international calls should be aware that international roaming charges can be exceptionally high.** Particular rates for particular countries can be found at www.mycellularone.com/plans, Customer Care, or any of our retail store locations

Your phone number will be held in a reserved status for an additional 90 days but there is no guarantee that you will receive the same phone number if you attempt to restart FlexFone services between day 91 and 180. After 180 days of inactivity, your "reserved" phone number will be open to Cellular One for redistribution.

13. AIRTIME USAGE

Airtime minutes will be deducted for all time during which your Cellular One FlexFone is connected to, or using, the wireless system of Cellular One or any other carrier. Use of a wireless system typically begins when you press the "send", "call" or other button to initiate or answer a call and does not end until you press the "end" button or the call is otherwise terminated. Airtime minutes are deducted for all incoming and outgoing calls, including calls to toll free numbers, 411, 61, simultaneous calls (airtime minutes will be deducted for each call separately) and calls to access your voice mail unless otherwise prohibited by Cellular One. Airtime minutes are not deducted for calls to 911. For outbound calls, you may be charged airtime for incomplete and/or busy-no answer calls. Airtime minutes are deducted in FULL MINUTE increments; partial minutes are rounded up to the next minute.

14. EMERGENCY CALLS

23. IMPORTANT INFORMATION ABOUT “ROAMING”

These Terms and Conditions describe the experience you can expect on our network, including information about our reasonable network management practices, and the experience on our roaming partners’ networks:

- Please check our coverage maps, which approximate our anticipated coverage area outdoors. Your experience on our network may vary and change without notice depending on a variety of factors. For more information go to www.mycellularone.com. You agree that we are not liable for problems relating to service availability or quality.
- Additionally, we may implement other network practices, such as caching less data.
- Our Internet Acceptable Use Policy includes important information on these topics as well as information on commercial terms, performance characteristics (such as expected speed, latency) and network practices.
- For roaming outside of our coverage area, both domestically and internationally, we do not charge an additional fee for data overage.

In order to provide you the most widespread and reliable cellular service, any time your Device is not receiving a strong signal from our network (“On Network”), it may connect to another carrier (“Off Network”) that we have a roaming agreement with. “Roaming” is when you place or receive a voice call/SMS (text)/or accessing data outside the Cellular One Home Network Area. **Cellular One reserves the right, with or without notice, to manage its network parameters to prioritize your cellular service active on your device to a network of choice when you are roaming, or slow the bitrate throughput rate on a roaming partners’ network.** Cellular One’s decision to prioritize your cellular service to a chosen roaming partners’ network, or slow the bitrate throughput rate on a roaming partners’ network is based on, without limitation, signal strength, data speeds, geographic area, network congestion, quality of service or internal business decisions in Cellular One’s sole discretion. **Roaming charges in foreign countries (“International Roaming”) may be especially high. Cellular One reserves the right to internally program its network for which roaming partners’ network you will roam on.**

24. YOU MUST USE YOUR DEVICE PREDOMINANTLY WITHIN THE CELLULAR ONE HOME NETWORK AREA

Disproportionate roaming (including unlimited plans of any kind) occurs when a user’s usage is on other carriers’ networks (Roaming or Off-Net usage) greater than 50% during any 2 months during any 12-month period, in which case Cellular One may, at its option, terminate your wireless service or access to data services, deny user’s continued use of other carriers’ coverage, or change user’s plan to one imposing usage charges for roaming usage. Cellular One will provide you with notice that it intends to take any of the above actions, and you may terminate this Agreement without being assessed a termination fee.

25. FAIR USE POLICY

In order to provide reliable services at reasonable costs to our customers, we have certain restrictions in place to ensure the activities of some users do not disrupt or impair other customers’ services or our network. You may not use our services in a manner that harms, or unduly interferes with Cellular One’s network or system; or in a manner that is unlawful, or infringes on intellectual property rights. Cellular One reserves the right, without notice or limitation, to

terminate, end, modify, disconnect, or suspend service if an individual engages in any of the prohibited voice, SMS, or data uses set forth in this Agreement or Cellular One's Fair Use Policy, found at www.mycellularone.com/fair-use-policy if Cellular One, in its sole discretion, determines action is necessary to protect its wireless networks from illegal use, harm or degradation. Cellular One voice services are provided solely for live dialogue between, and initiated by, individuals for personal use and as otherwise described herein. **Listed below are examples of the permitted uses of the service and your device and examples of the prohibited uses of the service and your device.**

26. MESSAGING (TEXT, VIDEO AND PICTURE) AND DATA

Certain messages, including those to third parties to participate in a promotion or other program may require a monetary payment separate from your Cellular One account. Any purchases or charges from third-party vendors will require other types of payment methods acceptable to the third-party vendor. Rates for texting to or from a foreign country may be especially high and may vary and are subject to change. There is no guarantee that messages will be received, and Cellular One is not responsible for lost messages. Text messages are typically limited to 159 characters.

Data Services are available only with particular Cellular One phones. The amount of data transmitted over our network is measured in kilobytes (KB), megabytes (MB) or gigabytes (GB). Unless specified otherwise 1024KB equals 1MB. 1024MB equals 1GB. Usage is calculated on a per kilobyte, megabyte or gigabyte (depending on your rate plan) basis and is rounded up to the next whole kilobyte, megabyte or gigabyte. Data activity on your Device occurs regardless of who initiates the activity, and you are responsible for all data activity from and to your Device. Premium content (games, ringtones, songs, etc.) are

priced separately and available through third-party vendors.

27. DATA PLANS

Cellular One may, from time to time, offer 4G/LTE Data Plans that offer “Unrestricted Increments of Usage” up to a specific, measured amount of data use. Unrestricted Increments of Usage means Cellular One does not intentionally reduce a user’s bitrate transfer speed. These types of plans offer Unrestricted Increments of Usage up to a specific amount of megabytes or gigabytes. Once a user reaches the specific amount of data of a particular Data Plan Cellular One intentionally reduces the user’s bitrate transfer speed. THEREFORE, IT IS IMPORTANT YOU UNDERSTAND YOUR PARTICULAR DATA PLAN OF WHEN WE MAY REDUCE YOUR BITRATE TRANSFER SPEED.

Further, Cellular One may have roaming agreements with other carriers that allow a user to access data on Cellular One, via SBI’s roaming partner’s network. Cellular One reserves the right, in its sole discretion, to restrict what carrier a Cellular One customer may roam on while out of the Cellular One Home Network, as well as restrict or reduce bitrate transfer speed.

BECAUSE OF FACTORS OUT OF ITS CONTROL, INCLUDING BUT NOT LIMITED TO, INTERNET CONGESTION, NETWORK CAPACITY, AND RELIANCE ON THIRD-PARTY PROVIDERS, CELLULAR ONE DOES NOT GUARANTEE DATA SPEEDS.

28. APPLICATIONS

Content or Applications (e.g., downloadable or networked applications, wallpapers, ringtones, games, and productivity tools) ("Content & Apps") that you can purchase with your device may not be sold by Cellular One. Cellular One is not responsible for the Content & Apps, including download, installation, use, transmission failure, interruption, or delay, or any content or website you may be able to access through the Content & Apps. 45. CELLULAR ONE INTERNET DISCLOSURES AND POLICIES

45.1 Broadband Internet Access Services Description. Cellular One, a brand and product of Smith Bagley, Inc., provides the following broadband Internet access services to customers:

TABLE 1

3G Speed on C1 Network	LTE Speed on C1 Network	LTE Speed When Roaming	Video Speed
Up to 6Mbps Down/2Mbps Up	Up to 10Mbps Down/2Mbps Up	Up to 5Mbps Down/2Mbps Up	500 Kbps Down
LATENCY: 83ms	LATENCY: 90MS	LATENCY: 180MS	

Cellular One offers 4G/LTE Data Plans that offer “Unrestricted Increments of Usage” up to a specific, measured amount of

data use. Unrestricted Increments of Usage means Cellular One does not intentionally reduce your bitrate transfer speed. These types of plans offer Unrestricted Increments of Usage up to a specific amount of megabytes or gigabytes. Once you reach the specific amount of data of a particular Data Plan, Cellular One intentionally reduces the user’s bitrate transfer speed. The table below illustrates a 50GB Data Plan and how your bitrate transfer speed is affected once you have used all your 50GB of data. The table below is applicable regardless of the Data Plan you choose. Cellular One offers several different Data Plan increments.

TABLE 2

50 GB Data Plan on SBI Network	50 GB Data Plan When Roaming	Speed after 50 GB Data Plan is used on SBI Network	Speed after 50 GB Data Plan is used when Roaming	Video Speed
LTE: Up to 10Mbps Down/2Mbps Up	Up to 5Mbps Down/2Mbps Up	40 kbps/14 Kbps	40 Kbps/14 Kbps	500 Kbps Down

The reduced speeds after you have used all your data allotment from the Data Plan you purchased will continue for the remainder of your billing cycle. Each of our services is suitable for most or all real-time applications, including web surfing, movies, gaming, voice over IP, and music. Occasionally, at times of peak usage, some applications may run more slowly than usual. Upon reasonable request, we may provide specialized services to large enterprise customers at prices to be negotiated. Data used by certain speed measurement applications will count against your data allotment. The results from some speed measuring applications may show current network speeds, rather than the reduced speed that is currently available to you.

45.2 Service Plan Prices. Our monthly prices, charges, and fees for broadband Internet access service plans, including installation charges and early termination fees for some plans, can be found here: www.mycellularone.com.

45.3 Non-Broadband Access Data Services. We do not offer dial-up services. Cellular One’s network does have a small number of sites (less than 10% of its entire network in very remote areas of its Network) where only 2G services are available. 2G services is for voice and texting only with no data services available.

45.4 Network and Congestion Management. The Company’s goal is to provide the best possible Internet service to our customers at all times and to protect our network and customers from any undue harm that might be caused by malicious users or hackers, such as denial of service attacks. We use a variety of optimization techniques, such as TCP optimization. We do not size video streams but we do limit download throughput for video services to 500 Kbps (see TABLE 1 above in Section 45.1). These techniques do not discriminate among content or websites. When a cell site experiences high demand, data speeds for users on that site may be slower until such time as traffic levels returns to normal. We do not engage in blocking, paid prioritization, or affiliate prioritization. We engineer our network to provide consistent high-speed data service, but at times and at locations where the number of customers using the network exceeds available network resources, customers will experience reduced data speeds. To provide the best possible experience for the most possible customers, we implement network management practices on a content- agnostic basis, such as caching less data and prioritizing data usage. We also use a variety of physical, electronic, and procedural safeguards to protect our network from events that may negatively impact our customers’ ability to use our Broadband Internet Access Services. We monitor our network to protect against security threats, including spam, viruses, automated attacks, worms, distributed denial of service attacks, and other potentially malicious activity. When we detect a threat, we will attempt to prevent it from spreading across our network using a variety of security measures, which may include rerouting or limiting some traffic over our network until the threat is resolved.

45.5 Device Attachment Rules. Customers may generally attach any lawful device of their choice that is compatible with our network, subject to any limitations of their data plan. Customers are advised to check our website www.mycellularone.com or contact the Company prior to purchasing any third-party equipment to ensure compatibility. The Company is **NOT** responsible for the compatibility, suitability or functionality of any equipment that is provided by the customer or any third-party. If any such equipment harms our network or degrades the service of other users, the customer may be required to disconnect the device and, in some cases, we may suspend or terminate service to customers that in our sole judgment are causing or contributing to harm.

45.6 Security and Privacy.

45.6.1 Customer Security. We may suspend or terminate service to customers that in our sole judgment harm the network

or other users.

45.6.2 Network Management and Service. If you contact us for service support, we may access information about your device settings to provide customized technical support or to install applications or services that you wish to use. As part of network management and to try to prevent denial of service attacks or other harmful abuses of the network, we may monitor network traffic and the traffic of Customers who are affected by or involved in the harmful activity.

45.6.3 Sale of Customer Data. We do not gather information from your use of our Internet access services to direct customized third-party advertising specifically to you. We do not share data with third-party advertisers but we do analyze use to improve customer experience. We do not sell your personal information or Internet usage history to third parties. Many websites you visit will place “cookies” on your device and may track your device for marketing and other purposes and that is not something the Company can control or prevent without blocking or degrading your service.

45.6.4 Third Party Content and Services. We are not responsible for the information, content, applications or services provided by others. Before you access, use, link to or download any service or application on your computer or wireless device, you should review the associated terms of service and privacy policy. We also recommend that all customers install applications to protect their devices from viruses and malware.

45.6.5 Law Enforcement and Copyrights. Upon receipt of a reasonable request for information from law enforcement, we will cooperate as required or allowed by law. In the event of actual or alleged violations of copyright, we may inspect network and customer traffic and will comply with the requirements of the Digital Millennium Copyright Act. In some cases, we may suspend or terminate service to customers who in our sole judgment are repeat copyright infringers.

45.6.6 Compliance with FCC Robocall Mitigation and Certification Regulations. Smith Bagley Inc. and Cellular One is required by federal law to deploy and implement certain measures to prevent, mitigate, track and avoid originating, carrying or processing illegal robocalls. These measures include, but are not limited to authenticating the identities of callers on our networks; using analytic systems to identify and block illegal traffic; responding within 24 hours to all traceback requests from applicable agencies; and cooperating with applicable entities in investigating and stopping any illegal robocallers that use our service or network to originate calls. SBi and [specific sub-entity]’s privacy policies remain unchanged, as they relate to disclosures to third-parties. For more information, please consult www.mycellularone.com.

45.6.7 Privacy. Cellular One is committed to protecting the privacy and security of our customers’ personal information. For information on how Cellular One protects its customers’ privacy, please review our Privacy Policy at www.mycellularone.com/privacy-policy.

45.6.8 Questions or Complaints.
